1. Claims 1-9, and 15-21 remain for examination.
2. This application is in condition for allowance except for the following formal matters:
3. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: amendment of claim 8 to state "A computer readable medium encoded with a computer program". Applicant's specification as filed provides no antecedent basis for the claimed subject matter of a "computer readable medium encoded with a computer program".

It should be noted that the amendment of claim 8 overcomes the outstanding rejection under 35 USC § 101 but that the amendment itself is not permissible because of the lack of specification antecedent basis for the newly added claim language.

Prosecution on the merits is closed in accordance with the practice under Ex parte Quayle, 1935 CD 11, 453 OG 213.

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS ACTION IS SET TO EXPIRE 2 MONTHS FROM THE DATE OF THIS LETTER.
